# Lund Mission Studies Conference in memory of Prof Aasulv Lande

## Multireligious Identities

March 14-15 2022 (starting at 1 pm, ending 12:30 pm)

Location: Online & LUX, Helgonavägen 3, Lund, Sweden

Borders between religions have always been porous in terms of ideas, rituals, communities and individuals. Multireligious identities form in the encounters and in the overlapping areas between religions. Prof Aasulv Lande served as a missionary in Japan and got deeply involved in encountering Buddhism. Much of his research and life took place in the areas of contact between Christianity and other religions, most notably Buddhism. In this conference, we want to explore and discuss the phenomenon of multireligious identities.

Organisers: Centre for Theology and Religious studies/Lund University, Institute of Contextual Theology/Lund, Lund Mission Society

The conference is free of charge but if you participate in person you need to register by 6<sup>th</sup> March 2022 by e-mailing [agneta.carlberg@icloud.com](mailto:agneta.carlberg@icloud.com). Online conference participation does not require registration. When registering, inform also about possible special dietary restrictions.

### PhD Seminar

The conference is followed by a PhD seminar for mission studies, world Christianity and related disciplines. In case you wish to present a paper or attend otherwise in the PhD seminar, in person or online, send a message to [mika.vahakangas@ctr.lu.se](mailto:mika.vahakangas@ctr.lu.se). The papers to be presented need to be sent to Mika Vähäkangas at least a week before, that is by noon on the 8<sup>th</sup> of March. The seminar will be hybrid, even though presence in person is strongly recommended. A Zoom link to the seminar will be sent to all registered participants.
